

Lazli Abdelmalek

SAP S/4HANA Consultant – PS & PPM

abdelmalek.lazli@gmail.com | +213 540 977 919 | Algiers, Algeria | linkedin.com/in/abdelmalek-lazli-18b5321b0

SUMMARY

SAP S/4HANA PS & PPM Consultant with proven experience in Oil & Gas environments, contributing to the optimization, tracking, and management of SAP S/4HANA projects, improving reporting and decision-making support by up to 40%. Strong expertise in Project Systems (PS), Portfolio & Project Management (PPM), SAP business process integration, and end-user support. Aim to enhance project performance, cost control, and support digital transformation in large industrial organizations.

PROFESSIONAL EXPERIENCE

SAP S/4HANA PS & PPM Consultant

Internal Project, ENAC – Sonatrach Subsidiary, Algeria | Sep 2025 – Present

- Improved project management accuracy by 40% through SAP S/4HANA (PS & PPM), increasing efficiency in Oil & Gas.
- Reduced the business–technical gap by 60% by translating requirements into functional specifications, improving delivery.
- Improved financial and logistical transparency through FI/CO, MM, PM, and SD integration, enhancing data flow.
- Increased system stability through testing, technical support, and documentation ensuring continuity.
- Enabled real-time decision-making for over 100 cases using dashboards and reports (C#, SQL Server, Power BI).

Junior SAP PS Consultant

Richfit – Sonatrach Project, Algeria | Jul 2025 – Sep 2025

- Accelerated operational readiness through SAP S/4HANA training, enabling efficient handling of complex processes.
- Improved system accuracy and reduced errors by 40% through SAP PS setup and testing.
- Strengthened system integration between PS, MM, PM, and FI/CO modules, ensuring unified data flow.
- Improved cost control and financial planning through project tracking and reporting.
- Enhanced technical communication by preparing documentation and bridging technical teams with end users.

Operations Research Intern

Sonatrach, Algeria | Jan 2024 – Jul 2024

- Developed portfolio optimization skills through E&P; mathematical modeling, improving resource allocation and risk control.
- Gained expertise in optimization using Python and CPLEX for complex data and logistics problems.
- Strengthened data-driven decision-making through analysis and reporting for prioritization and budgeting.
- Improved forecasting and feasibility assessment through scenario analysis and predictive modeling.

PROGRAM

SAP Young Professional Program – Certified Consultant

SAP, Algeria | Mar 2025 – May 2025

- Strengthened SAP expertise through intensive training, enabling effective management of SAP S/4HANA across the full lifecycle.
- Achieved cross-module integration mastery (MM, SD, FI/CO, PS, EPP, PP, EWM) ensuring unified process flow.
- Earned SAP Certified Associate in business process integration, aligned with international standards and best practices.
- Earned SAP Certified Specialist in S/4HANA Cloud Private Edition, supporting cloud-based digital transformation.
